 A Cut Above

The Berk boar to do it ALL has arrived at A Cut Above. This standout and top-selling Berk boar of the National Barrow Show can sire champion barrows, champion breeding gilts, improve maternal traits and still enhance meat quality. Because of his versatility, **TAKEOVER** has the potential to live up to his name and truly make a huge impact in the Berk breed. His sire, ACDC, was the \$5,000 top-selling and champion boar at the 2010 NBS, and littermate to the \$6,500 high-selling and champion gilt. His ability to combine true skeletal width and internal mass and dimension is second to none. He runs up hill and balances as good as a boar can while walking on a near perfect skeleton. We are honored to house such a tremendous prospect, one who has the ability to take this breed by storm. Be ready for a **TAKEOVER!**
